Collaborative Leadership. Meaningful Action. Powerful Change.

Dearest Friends,

Thank you for everything you do to support adult learners in Alberta. We are so proud to play a part in the work you do.

This year, we engaged with you like never before, to find out how we can best serve you and meet your professional learning needs. We conducted a complete review of regional support services, and led the development of Outcomes-based Measurement and Evaluation Frameworks for CALPs and Provincial Support Services.

Thank you to everyone who took the time to join a consultation, answer a survey or just give us a call to provide your input.

We are thrilled that we were able to hire five new full-time Regional Support Staff this year, dedicated to supporting you and your organizations by providing regional networking and professional development, coaching and resources. We look forward to building on this new regional model, to remain relevant and responsive to your professional development and support needs.

We couldn't do what we do to support you without the close collaboration of our partners and system stakeholders.

We can't wait to see what the year ahead holds, and to share the journey with you!
